Employer's Signature & Title/ Firma y Título del Empleador

Paul Gabb, Business Manager

READ CAREFULLY: In view of the statutorily established basic function of the Employment Service as a no-fee labor exchange, that is, as a forum for bringing together employers and job seekers, neither the ETA nor the State agencies are guarantors of the accuracy or truth-fullness of information contained on job orders submitted by employers. Nor does any job order accepted or recruited upon by the One-Stop Career Center constitute a contractual job offer to which the One-Stop Career Center, ETA or a State agency is in any way a party.

LEASE CUIDADOSAMENTE: En vista de su función básica establecida estatutariamente el Servicio de Empleo es un intercambio gratis de trabajo para juntar a los empleadores y trabajadores que buscan empleo, ni ETA ni las agencias del estado pueden garantizar la verdad y certeza de la información contenida en la Orden de Trabajo sometida por el Empleador. Tampoco, ninguna orden de trabajo aceptada o reclutada por el Servicio de Empleos constituye una oferta contractual de la cual ETA ni la agencia del Estado son parte

Public reporting burden for the ETA Form 790 is estimated to be approximately 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and reviewing the collection. Respondents obligation to reply to these requirements are mandatory by 20 CFR 653.500. Persons are not required to respond to this collection of information unless it displays a currently valid OMB control number. Comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing the burden can be sent to the U.S. Department of Labor, Office of Workforce Investment, Room S-4321, Washington, D.C. 20210 (Paperwork Reduction Project 1205-0134).

ATTACHMENT 1 for Mt. Clifton Fruit Company, LLC

(Used for further detail of ETA 790; Item numbers below correlate to item numbers on ETA 790)

Page 1

Item 3 – Location & Description of Housing

Housing is located at the following locations:

CherryHill Camp – 2340 Ridge Road, Quicksburg, VA 22847 – block building with space for 24 persons – New Market exit 264 from I-81, West on US-211, South on Old Valley Pike, East on Quicksburg Lane, North on Ridge Road.

Mason Camp – 16543 Bowman Orchard Lane, Timberville, VA 22853 – block building with space for 50 persons – New Market exit 264 from I-81, West on SR 211, West on SR 42, West on SR 881 (Orchard Drive), South on Bowman Orchard Lane.

Holmans Creek Camp – 950 Pinewoods Road, Quicksburg, VA 22847 – block building with space for 45 persons – Mt. Jackson exit 273 from I-81, West on SR 703, South on SR 614 into Forestville, East on 767 Quicksburg Road, North on SR 730 Pinewoods Road.

Housing & utilities are provided at no cost only to non-commuting workers. “Non-commuting workers” are defined as those workers who are not reasonably able to travel to the work site from their permanent place of residence, and return each work day. Housing will be provided to workers only. No person who is not an employee and has not been assigned housing will be permitted to occupy the housing.

No tenancy in such housing is created. Employer retains possession and control of housing premises at all times. Workers, if provided housing under the terms of this work agreement, shall vacate the housing promptly upon termination of employment with the employer who provides the housing.

Housing will be clean and in compliance with ETA 20 CFR 654 Housing Standards. Worker will be responsible for maintaining housing in a neat and clean manner. Reasonable repair costs of damage, other than that caused by normal wear and tear, will be deducted from the earnings of worker who is found to be responsible for damage to housing and/or furnishings. Workers are assigned employer-provided housing by a designated company manager and must occupy the quarters assigned to them. Women workers will be provided with sleeping facilities shared with other female workers and segregated toilet facilities. Dining and other common area will be shared or separate cooking facilities will be provided.

Item 8 – Work Week

A worker may be offered more than 8 hours work per day, and in an emergency, a worker may be requested, but not required, to work on his/her Sabbath.

Item 10 – Job Specifications

Fruit orchard workers perform orchard activities including tilling of the soil, planting trees, weeding, pruning, cultivating, picking and spraying. Workers will also assist in frost control, irrigation, building of fruit tree trellises, repairing fences, and the loading and unloading of trucks.

Pruning: Worker will cut selected limbs, branches and sprouts from fruit trees as directed by the employer or employer’s supervisor. Workers will use a variety of pruning equipment such as saws, shears, loppers, and hand pole pruners. Workers may work either from the ground or from step or other ladders up to 24 feet in length. Workers will be expected to climb and work freely from heights.

Jobs offered are work in an orchard handling both manual and machine tasks associated with commodity production and harvest (apple picking) activities. Workers must be able to perform manual as well as mechanized activities with accuracy and efficiency.

Picking: Fruit will be picked using ladders and picking buckets. Ladders range from 14 ft. to 20 ft. in length and weigh from 35 to 50 lbs each. Picking buckets are padded metal, bottom unloading, worn at front waist level and suspended from the shoulders by 2-inch canvas straps. Buckets, full of apples, weigh up to 40lbs. Pickers are required to snap apples off of tree using their thumb and palm of hand to avoid bruising. Each apple must be carefully placed in bucket to avoid bruising. When bucket is full, picker descends ladder carefully to avoid “banging” bucket against ladder and empties picking bucket carefully into apple bin. Bucket must be lowered down into the bin so apples do not drop or roll excessively. Bin must be filled in a level manner and not by always emptying into one or two corners and letting apples roll down a pyramid. Company supervisors will give demonstrations of how the apples must be picked prior to picking season beginning. Overfilling or underfilling of bins will not be permitted.

The employer has established a picking bruise standard to which all pickers must adhere. It is as follows: A roving inspector paid for by the employer selects at random samples consisting of 25 apples from bins. Apples will be graded and scored for amount of bruises and amount of spurs/trash in the bin. Scoring is according to USDA standards for US Fancy grade or better. Standards are explained and demonstrated to all workers prior to the season’s beginning. Inspectors review the results of the inspection immediately with the supervisor.

Work is to be done in the field for long periods of time. Workers are expected to perform duties including boxing, weighing, and loading of produce. Workers may assist in loading trucks with packaged produce weighing from 50 to 60 lbs and lifting to a height of 5 feet.

Work may include mechanized field work using power equipment. By way of example and nonlimited power equipment may include tractors, planters, sprayers, cultivators, and other farm and packing house equipment. Workers will be expected to be able to operate agricultural equipment with or without direction.

Work may also include general orchard work consisting of jobs directly related to production of fruit such as preparing land for planting, planting trees, cutting shoots and suckers, picking roots, rocks and other debris, mulching trees, inserting/removing tree spreaders, hoeing weeds around trees, cleaning and clearing fence rows and farm buildings, operation and maintenance of tractors and other equipment under supervision.

Workers should be able to work on their feet in bent positions for long periods of time. Allergies to ragweed, goldenrod, insect spray, related chemicals, etc. may affect workers’ ability to perform the job. Workers should be physically able to do the work required with or without reasonable accommodations.

Workers are exposed to wet weather early in the morning through the heat of the day working in the fields. Temperatures may range from 10 to in excess of 100 degrees F. Workers may be required to work during occasional showers not severe enough to stop field operations.

Employer will provide transportation from living quarters to work site every day for workers who must be provided housing.

Employer will provide tools and equipment at no cost for workers to perform the above tasks. Workers will be charged for any willful damage to or loss of such tools and equipment.

Full Crop Commitment: This is regular work seven hours per day, Monday – Friday, and five hours on Saturday for the full remainder of the period of employment. The worker agrees to work for assigned employer whenever work is available during the full remaining period of employment even though work may be slack at times. The worker understands that if he quits or is terminated for cause prior to the end of the period of the employment, he will not receive the $\frac{3}{4}$ guarantees discussed below and will not receive certain transportation reimbursements discussed below.

Item 11 – Wage Rates, Special Pay Information and Deductions

The current Adverse Effect Wage Rate (AEWR) of \$9.02 per hour or the AEWR in effect at the time work is performed, the prevailing hourly rate, or the legal Federal or State Minimum Wage Rate, whichever is highest, is guaranteed to all workers.

Workers paid on a piece rate for pruning will receive \$1.64 per tree. Workers paid on a piece rate basis for picking will receive 58 cents (\$0.58) per 2419 cubic inch box of “processing” fruit picked; 68 cents (\$.68) per 2419 cubic inch box of “fresh” fruit picked; and \$9.02/hour for the Golden Delicious variety of apple picked. However, in any of the duties above whereby the piece rate does not produce the current adverse effect hourly wage rate, the employer agrees to guarantee all workers employed in the 2008 season a minimum of \$9.02, which is the adverse effect wage rate (AEWR), or the prevailing hourly rate as established by the Dept of Labor. Other harvest-related and orchard related duties which may be offered will be paid at the hourly AEWR of \$9.02. In the event the US Department of Labor (DOL) promulgates a new AEWR during the recruitment or work contract period that is lower than the current AEWR at the time of application, the employer will continue to pay \$9.02 per hour guaranteed minimum (unless there is a prevailing hourly wage that is higher than the AEWR.)

When picking or pruning is not available, other tasks related to the production of apples will be offered as state in Item 10 above at the AEWR of \$9.02 per hour.

The employer guarantees to offer employment for a minimum of three-quarters (3/4) of the workdays of the total specified period during which the work contract and all extensions thereof are in effect beginning with the first work day after worker’s arrival at the place of employment and ending on the expiration date specified in the work contract or extensions thereof. In Act of God terminations, the three-quarters (3/4) guarantee period ends on the date of termination. The worker is not required to work more than eight (8) hours per day except when otherwise stated in the job order or on the worker’s Sabbath or federal holiday to meet the guarantee period. The employer guarantees the worker the amount the worker would have earned had the worker in fact worked for the guaranteed number of days.

Worker will be paid weekly.

The employer will provide worker who is referred through the Interstate Clearance System forty (40) hours of work for the week beginning with the anticipated date of need unless the employer has amended the date of need by notifying the local office no later than ten (10) days before the date of need. If the employer fails to notify the order holding office, then the employer shall pay an eligible worker who is referred through the Clearance System \$9.02 per hour for the first week starting with the originally anticipated date of need. The employer will require the worker to perform alternative work if the guarantee cited in this section is involved. The alternative work and pay will be \$9.02 per hour for other work related to this crop and other tasks required in operating a farm. If the worker who is referred fails to notify the order holding office of continued interest in the job at least five (5) days before the date of need, worker will be disqualified from the above mentioned assurance.

The employer will make the following deductions: FICA (X) Federal Taxes (X) State Taxes (X) as applicable.

Eight (8) hours per day is normal. The worker may be requested but not required to work more hours per day and/or on the Sabbath depending upon conditions in the greenhouses and fields. The employer will designate time for lunch and breaks. Worker may be requested to work Saturday and Sunday during peak times and special needs but not required. This requirement pertains to both alien and US workers as per instructions in the H-2A Program Information Booklet.

Item 12 – Transportation

The employer will reimburse worker upon completion of 50% of the work contract for transportation and daily subsistence (not less than \$9.52 per day) from the place from which the worker, without intervening employment will come to work for the employer. In addition, those workers paying such transportation and subsistence expenses and who are terminated by the employer as a result of an Act of God (an Act of God shall mean any frost, hail, stones, flood or natural calamity of such character as to make further fulfillment of this contract impossible), and the RA certifies, or as a result of mutual agreement by worker and employer shall be reimbursed the same. All payment aforesaid shall be due on a day not later than the first day subsequent to the completion of the minimum employment period. In the case of termination as a result of an Act of God, the employer will also provide or pay the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment, except when the worker is not returning to the place of recruitment and has subsequent employment with an employer who will bear transportation expenses.

If the worker completes his contract, the employer will provide or pay the cost of return transportation and subsistence enroute from the place of recruitment except when the worker is not returning to the place of recruitment, and has subsequent employment with an employer who will bear transportation expenses.

If the worker voluntarily abandons his employment or is terminated for cause prior to completion of his contract, the employer will not be responsible for providing or paying the cost of return transportation and subsistence enroute from the place of employment to the place of recruitment. All transportation provided by the employer will be by common carrier or other transportation facilities that conform to applicable regulations of the Interstate Commerce Commission. The employer will provide worker transportation from the living quarters to the work site and back each day at no cost to the worker.

Other Conditions of Employment

Termination: – The employer may terminate the worker with notification to the employment service local office if the worker (a) refuses without justified cause to perform work for which the worker was recruited and hired or (b) commits serious acts of misconduct.

In the event of termination resulting from an Act of God, the employer will provide or pay reasonable costs of return transportation and subsistence to the place of recruitment and reimburse worker for reasonable costs of transportation and subsistence incurred by the worker to the place of employment.

Training: - The only work standards required of any alien or US worker will be that after a three (3) day training period each worker possess the physical capabilities to work in produced crops.

Injuries: - Worker will be covered by Workers Compensation Insurance or equivalent employer provided insurance for injuries arising out of and in the course of employment. Employer's proof of insurance coverage will be provided to the Regional Administrator before certification is granted.

Tools, Supplies, & Equipment: Employer will provide without charge all tools, supplies, and equipment to the worker.

Employer Obligation if Employment is Extended: No extension of employment beyond the period of employment specified in the job order shall relieve the employer from paying the wages already earned, or if specified in the job order as a term of employment, providing transportation or paying return transportation expenses to the worker.

Employer Notification of Changes in Employment Terms and Conditions: - Employer will expeditiously notify the Order Holding Local Office or State Agency by telephone immediately upon learning that a crop is maturing earlier or later, or weather conditions, over recruitment or other factors have changed the terms and conditions of employment.

Outreach Workers: Outreach workers shall have reasonable access to the worker in the conduct of outreach activities. The employer agrees to comply by all assurances of 20 CFR 653.107, 20 CFR 653.501, and 20 CFR 655.103.

Work Agreement: - The employer will provide a copy of the contract of Job Clearance Order to the worker no later than on the day the work commences.

Wage Statements: - Employer will furnish the worker on or before each pay period written statements showing the hours actually worked by the worker, the worker's hourly rate of pay, the hours of employment offered including those above the guarantee and total earnings for the pay period. Add deductions will be itemized.

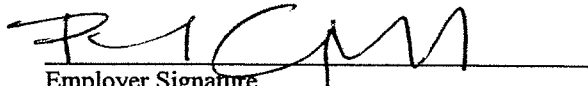

Other: - Worker must have necessary documents to complete INS Form I-9 upon hiring but not prior the the interview. Workers will have up to three (3) days from date of hire to provide I-9 documents.

The employer's anticipated work force equals 80 workers.

EMPLOYER'S STATEMENT PURSUANT TO 20 CFR SECTION 655.101 (a)(2)

The undersigned employer, pursuant to 20 CFR Section 655.101 (a)(2), does hereby authorize Labor Services International, LLC (LSI) to act as my agent and on my behalf for the purpose of signing and filing an Application for Temporary Alien Agricultural Labor Certification and to do any and all other acts necessary to pursue and obtain such Certification. My said agent, however, is specifically not authorized to accept for interview workers being referred to the job or to make hiring commitments on my behalf. In addition, my agent is specifically not authorized to hire, pay, fire, supervise or otherwise control the work of any employee.

As the employer, I assume full responsibility for the accuracy of the Application, for all representation made by my said agent on my behalf, and for the compliance with all regulatory and other legal requirements.

Employer Signature
